is a great place to build a career.*

Why just practice when you can lead?

Veterinarian owned and led is an approach influencing the art of patient care. It means working with leaders who've been in your shoes and surrounding yourself with the best and brightest colleagues. It also means sharing experiences, so we learn and grow, solve problems, and advance patient care.

The approach allows us to maintain this focus without sacrificing strong financial management or impeding operational excellence. We know care must always come first – care for our patients, clients, referral partners, and especially our team.

Veterinarian owned and led is also a mindset influencing every aspect of who we are. It's why we focus on collaboration. It's why we make our team's wellbeing a priority. It's what makes us VEI, and you'll feel the difference the moment you walk through our doors.

Veterinary Founded, Owned, and Led Can Include You

About Veterinary Eye Institute

Veterinary Eye Institute (VEI) is the leading veterinarian owned and led network of stand-alone ophthalmology practices.

2012

Founded in 2012, VEI started small, leasing two exam rooms within the Emergency Animal Clinic of Collin County (EACC), a veterinarian owned emergency clinic located in Plano, TX.

2016

VEI's clients and patients quickly outgrew the space at the EACC, and in 2016, VEI opened a state-of-the-art facility.

2018

By 2018, VEI expanded into a multi-location specialty eye clinic, offering comprehensive medical and surgical eye care for dogs, cats, horses, small mammals, and exotic pets.

2021

VEI joined MedVet in 2021, expanding our mission of making the world a visually clear and comfortable place for pets - in a kind, collaborative, and compassionate way on a larger scale.

Our Mission

To make the world a visually clear and comfortable place for pets – in a kind, collaborative, and compassionate way.

Our Values

Vision

Our goal is to provide your pet with lifelong functional vision.

Leaders in our field, the VEI team committed to ensuring each patient receives the most comprehensive and advanced care available.

Comfort

We share your desire for your family member to be pain free.

There is more to veterinary medicine than just the medicine.

Compassion

We treat our patients and clients kindly and compassionately.

Clear and consistent communication is a fundamental part of our practice.

Our Principals

These principles allow us to achieve our mission each and every day.

Our Patients

The patient comes first. Always. For everything we do, whether it's treatment recommendations, practice decisions, or any challenge we face, we will always start with the question, "What is in the best interest of the patient?"

Our Referral Partners

Only through collaboration with the family veterinarian is each patient and client best served. Clear and consistent communication, grounded in a relationship defined by respect and integrity, leads to enduring partnerships and trust. We value and enjoy our relationships with our referral partners and will always advocate for their primary role in the patient's long-term care.

Our Clients

We are a people business focused on pet's vision. Faced with the challenge of visual disability and discomfort is stressful and can at times be heart-wrenching. We understand this and offer our clients knowledge, support, empathy, and compassion.

Our Team

Not employees, not co-workers, not staff, but a team.

- A team is something to be passionate about.
- A team has a clear goal, a mission, that unites them.
- A team is a place to feel safe and supported, encouraged, and inspired.

Build Your Dream Career with VEI

A Community of Best Practice

Joining VEI means becoming part of a united and dedicated team that cherishes the human-animal bond and proudly serves our profession.

- You will connect with like-minded colleagues in your community and beyond, and collaborate daily with some of the most experienced and talented individuals in the veterinary profession.
- Clinical managers will help your day run smoothly.
- And, you'll have the opportunity to share your expertise, give back to your profession, and advance patient care.

A Wrap-Around Approach

You'll have access to essential resources and the freedom to operate within our best-practice framework.

- Our teams are supported by a dedicated healthcare dyad at local, regional, and national levels.
- Each hospital features a skilled support services team in Experience, Finance, HR, IT, Marketing, and Operations, enabling front-line caregivers to concentrate on delivering exceptional care and service.
- You'll benefit from advancing technologies that enhance workplace wellbeing and make your job easier.

A Promising Career in Animal Care

Many of us were drawn to animal care from a young age. At VEI, we nurture this passion by facilitating connections with referral partners and clients to help grow your practice. We foster your growth through professional development and leadership opportunities. Additionally, you'll receive support in securing your financial future, including the opportunity to become an owner.

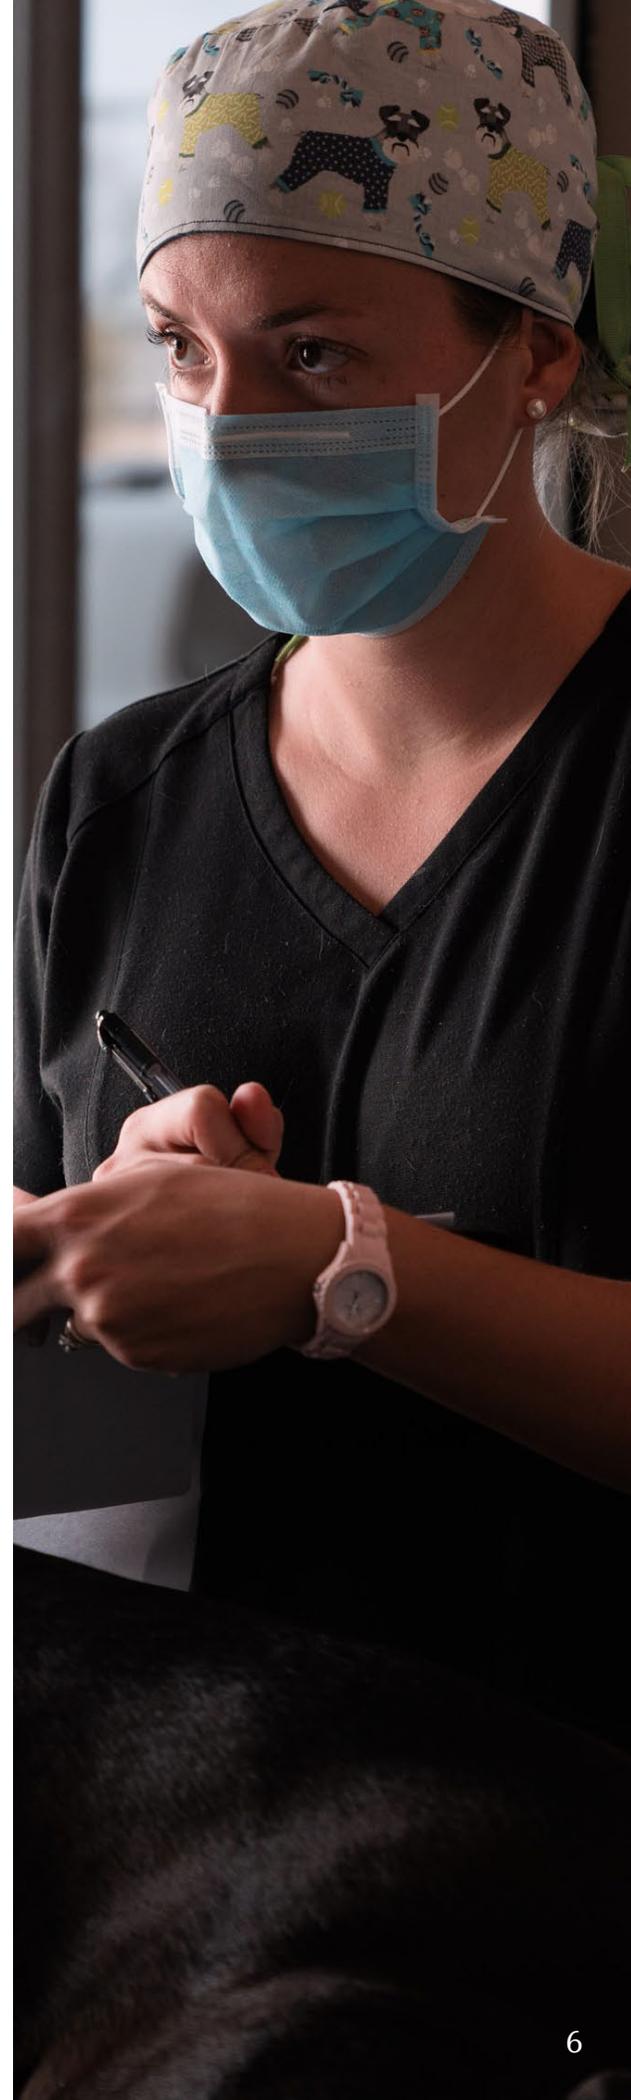

What About the Perks?

We Offer Our Caregivers:

- Opportunities to become a shareholder in our veterinarian owned organization
- Collaboration with clinical managers to ensure your day stays on track
- Opportunities to participate in clinical trials and cutting-edge research
- Key focus on mental wellbeing, with free access to Headspace app and Talkspace online therapy
- Four-day work weeks that allow for flexibility and balance — so you can save pets' lives and live your life
- The chance to mentor house officers if that interests you
- Support for sharing your knowledge through publishing and presentations
- A generous and comprehensive benefits package, including student debt repayment programs, paid parental leave, 401k match, discretionary funds, and more
- A work environment that's laser focused on its people and patients
- Access to a top-tier marketing team to help you grow your practice
